

Boundary pendant lights

Faudet Harrison

The Boundary pendant lights by Faudet-Harrison come in three different designs, Boundary 120 is a spot light, Boundary 320 is an ambient light and Boundary 300 is both a spot and ambient light. Made from powder-coated spun aluminium, each light has two parts that are joined with small stainless steel fixings. The internal spun section in each light is finished in pebble grey and has a gentle inward curve at each end. Boundary 120 has a slim outer shade, whilst the Boundary 300 and 320 have a wide shade, all are finished in white. The Boundary lights are simple, restrained and effortlessly graceful. Lights hang on white cable. Made in Yorkshire, UK.

Boundary 120	Ø 10 x H 28 cm
Boundary 300	Ø 30 x H 18.5 cm
Boundary 320	Ø 32 x H 19 cm
