

ODA BIG

Design by Sebastian Herkner

Oda is big. Oda is a reservoir of light. Oda is a huge floor lamp for the living room - next to your sofa or armchair. Sebastian Herkner's aim was to create a repository or a balloon full of light. The design is inspired by the amazing pictures of water towers shot by German photographers Bernd and Hilla Becher. A hand-blown, tinted glass barrel balances on a simple and elegant metal structure. The glass is available in four colors: opaque, grey, amber or aubergine.

Colours	Base / Cable
amber	black
grey	black
white opaque	black
white opaque	white
sandblasted white	black
aubergine	black
