

PASSERELLE 160

Design by Sebastian Herkner

The design of Passerelle is based on the glass profiles which are known from the architecture. These profiles are fitting in a simple and straight metal construction. Passerelle is the name of the pedestrian bridges Venetians are using during high tide.

Colours
RAL 9005 jet black
RAL 9016 traffic white
yellow galvanized

Order-no.
9700S
9700W
9700GZ

Product	Rack
Dimensions	height 390 mm width 320 mm length 1600 mm per element
Material	Shelf rack: steel, powder coated Shelf: profiled glass system K25, cut by hand
Weight (net)	20 kg
Country of origin	Germany
