

Lucas armchair Matthew Hilton

The Lucas armchair by Matthew Hilton expertly infuses a traditional design typology with modern aesthetics. The design combines clean lines with subtle bottleneck curves to create a piece that is comfortable and perfectly proportioned. Deft details such as the taper and flare of the turned oak legs and the slight protrusion of the seat cushion give this piece its poise. The armchair is handmade in our Norfolk factory with an FSC approved beech frame, jute webbing and hessian straps. It is covered with a mix of materials that includes natural fibres, animal hair and wool. The seat cushion is feather filled.
