

MAMBA light

(Designer Victor Vasilev)

NEW

Shelf and/or wall-mounted desk.

The minimal form and tapered thickness create a product with a unique, highly iconic design.

Its key features are its formal strength and the versatility with which it can be easily integrated with other furnishings.

It's an "accent" that can interact spontaneously with its surroundings and be used in many different ways.

The shelf is in medium density fibreboard with varying thicknesses and moulded into a curve. The painted finish comes in matt white, green, orange, blue, sand, ivory, yellow and anthracite grey.

It is attached to the wall with non-adjustable pins.

Dims

Height 44 cm, depth of the top 40 cm, length 134 cm
