

Molteni & C

808— MDT 2007

1—
3

A system of storage units with drawers for any room in the house, in all sizes and colours. The product's main characteristic is the drawer front in two parts: the inside part is always in the same finish as the structure; the outer part is shaped to form the handle, available in several finishes that can be matched without depending on the finish of the internal part. The drawers have soft closing runners.
