

## **FULHAM—** RODOLFO DORDONI 2015

1—

Fulham Road gives its name to the bed that the designer has created for a comfortable and regenerating night's sleep. The wooden base, available in a range of colours to match any bedroom décor, makes the bed the protagonist of itself. The wrap-around textile or leather headboard provides a cosy and relaxing niche in which to rest, read or watch television. A bench to be placed at the foot of the bed completes the project.
