

LARGE— FERRUCCIO LAVIANI 2012

1—
8

Large, a new informal sofa system with a deeper and more unusual seat and with totally removable covers. Top level technology for the structural elements to guarantee maximum comfort. Comfort which comes of the new generation heat sensitive foam which models itself and distributes weight with optimum efficiency. Large is also modular thanks to numerous elements like the chaise longue, end elements with and without armrests, islands and corner elements which make up more or less formal compositions giving flexibility to interpretations of lifestyle needs. Large integrates the traditional elements with a series of components (bench, corner armchair and small tables) that add a distinguishing and original touch to the project.

FEATURES

Sofa system, with preset composition or modular, marked by well-balanced volumes and generous sizes, and a new concept for the single seat cushion (down + ecomemory) for improved sitting comfort, easier maintenance and better look. The customer can choose the quantity and size of the back cushions.
