REVERSI— HANNES WETTSTEIN 2004

1—
5

Balanced masses, moderate proportions and extreme comfort, Reversi is a collection of upholstered items integrated with modular elements that multiply the possibilities of shape and use. Classic in the design, the project proves to be contemporary in the solutions adopted and the concept of the seat. Articulated in three different positions, the backrest offers just as many seat options: formality, with a higher support for the shoulders, perfect for comfortable conversation; comfort, the ideal reading position; relaxation, with a deeper seat for maximum comfort.

FEATURES

A collection of fixed and modular upholstered furniture that, as well as traditional compositions, can be used for modern furnishing solutions using special peninsula pieces in various sizes. Thanks to an innovatory system that adjusts the back to three positions, settees and armchairs can adopt different conformations, creating seats of various depths and comfort. The seat cushions are reversible. The cushion filling has a central polyurethane foam insert and feathers.

DATASHEET

I.2015

molteni.it

Dimensions in millimeters and inches. The right to discontinue and make changes is reserved. This information is based on the latest product information available at the time of printing.

FINISHES

COVERS

fabric - leather, completely removable.
The leather cushions are not reversible.

Available in fire-resistant version (TB117 and BS5852).

DAYBED INTERNAL TRAY HIDE LEATHER FINISHES

natural - black - dark brown

FEET FINISH

shiny steel
