

## Orlando Reiko Kaneko

A lounge chair that has a steel frame, walnut arm rests, an upholstered back rest and a feather seat cushion on an upholstered pad.

The design sits low to the floor, with a small footprint, yet has noticeably generous proportions. The frame is made from both tubular and solid steel and has a gentle curving detail between the back and arm rests. A small amount of flex in the back of the frame adds to comfort. Various upholstery and powder coat finishes are available.

Made in the UK.
