Donna Wilson & SCP

The Sprig Collection comprises a teacup and saucer, a mug, milk jug, side plate and a salad bowl. It features a number of springtime inspired patterns of leaves and flora by Scottish designer Donna Wilson. The Sprig Collection is produced in Stoke-on-Trent with china clay sourced from St. Austell in Cornwall. The Sprig Collection is an overtly idiosyncratic design collection, conceived, designed and made in Britain. Available in red, green and blue.
