## 505 SIDEBOARD— NICOLA GALLIZIA 2013

1—  
7

Completing the 505 system, can be used to create compositions that are raised off the floor by adjustable feet. Offered in two depths (400 and 540), four heights and ten standard widths, the compositions can be given the same finishes and doors that are in the serie. The stylish adjustable foot is available in two finishes: shiny aluminium and black chrome. To enhance compositional potential, a new side panel height of 508-19" has been added, which is equivalent to 1½ modules.

## INTERNAL DRAWER UNITS

### For open compartments and glass hinged doors with shaped profile

The internal drawer units can be positioned between two shelves th. 28 mm (1 1/8") (example **A**).

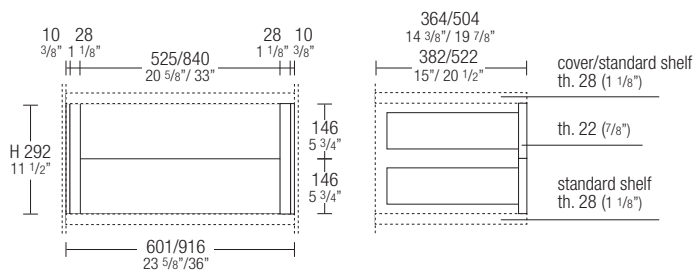

**All drawers are always with pressure opening and always fully extractable.**

The drawers are flush with the open compartment structure but aligned 18 mm (3/4") backwards (aligned with internal shelves) if using hinged glass doors.

**The compartment that holds the internal drawer unit must always have a back panel or a rear finishing panel. The internal drawer unit can be inserted in compositions H 2 and 4 modules, not setting on base.**
